

## Curriculum Plan Class 2 Summer Term

In the first half of this term our topic will be Island Adventures. In DT we will be designing and making boats and investigating which material will float and sink. In science we will be looking at plants in our local environment and finding out about the best conditions for growing our own plants for our allotment plot. In Geography, we will be looking at the physical Geography of the United Kingdom and beyond and looking at an island home. In RE, we will be identifying which people are important in our own lives, in addition to important religious leaders. In PE, we will be doing athletics and preparing for sports day.

In the second half of term, our topic is Animal Kingdom. In Art we will be using different techniques to draw and paint animals and using nature in our art work. In Science we will be learning about different animals and their habitats. In Geography, we will be focusing on fieldwork and applying our physical and human Geographical skills. Our RE lessons will consider why some questions are easy but are difficult to answer.
