Autumn term projects 2024

Driver project 	Maafa	
Science	Circulatory System	
Art and design	Tints, Tones and Shades	Trailblazers, Barrier Breakers
Design and technology	Food for Life	
Geography	Our Changing World	

Maafa

This project teaches children about Africa past and present, with a particular focus on Benin. It traces the development of the slave trade and explores Britain's role in the transatlantic slave trade, the causes and consequences of the European colonisation of Africa and the worldwide communities that make up the African diaspora.

Circulatory System

This project teaches children about the transport role of the human circulatory system, its main parts and primary functions. They learn about healthy lifestyle choices and the effects of harmful substances on the body.

Tints, Tones and Shades

This project teaches children about colour theory by studying the colour wheel and exploring mixing tints, shades and tones. They learn about significant landscape artworks and features of landscapes before using this knowledge to create landscape paintings.

Trailblazers, Barrier Breakers

Food for Life

Our Changing World
